

Stella Maris School

# Prevent Policy

REVIEWED: MAR 2018  
REVIEW DUE: MAR 2019

Stella Maris School is committed to Safeguarding and promoting the welfare and well-being of all members of the school. All school staff and volunteers who work in the school are expected to share this commitment and vision.

This Policy was written in consultation with the Trustees, Headteacher and the staff of Stella Maris School with due regard to our mission statement.

*“At Stella Maris we endeavour to put the children at the centre of everything we do. Our mission is to educate, nurture and instil traditional values and cherish our children. We inspire them to achieve their best in every aspect of their lives.”*

## **PREVENT POLICY (Tackling Extremism and Radicalisation)**

### **POLICY STATEMENT**

Stella Maris School is fully committed to safeguarding and promoting the welfare of all its pupils and staff. All staff recognise that protecting our children against radicalisation and extremism is a key part of our Safeguarding Policy.

This Tackling Extremism and Radicalisation Policy sets out our strategies and procedures for protecting vulnerable children or families from being radicalised or exposed to extremist views. It is the aim of the school to try and identify any vulnerable children and provide them with support.

### **LINKS TO OTHER POLICIES**

Tackling Extremism and Radicalisation Policy links to the following school policies;

- Safeguarding Policy (Policy 1)
- Equality Policy
- Anti-bullying Policy
- ICT and E-Safety Policy (Policy 3)

The following national guidelines should also be consulted where applicable.

- PREVENT duty
- Keeping Children Safe in Education DfE July 2015

### **AIMS AND PRINCIPLES**

This Tackling Extremism and Radicalisation Policy is intended to provide a framework for dealing with issues relating to vulnerability, radicalisation and exposure to extremist views. It is our aim to try and identify any vulnerable children or situations which may lead to a child being in danger from either radicalisation or extremist views. We also recognise that prevention is important and incorporate many strands into our Curriculum in terms of teaching British Standards and educating the children to recognise danger and empowering them with the confidence to speak out if something is wrong.

#### **Our objectives are:**

- All school staff and Trustees will have an understanding of what radicalisation and extremism is and why we need to be vigilant at all times in school;
- All school staff will understand and follow the set procedures set out in this policy in tackling extremism and radicalisation;
- Pupils will be educated to recognise the dangers of radicalisation and extremism and know what to do in order to keep themselves safe; and

- All parents/carers and pupils will know that the school has policies in place to keep pupils safe from harm.

### VIGILANCE AT ALL TIMES

All staff need to be fully engaged in being vigilant about radicalisation and extremism. Stella Maris School will work alongside other professional bodies and agencies to ensure that all of our pupils are safe from harm. In line with Government legislation Stella Maris School will complete an annual Prevent Risk Assessment. It will be carried out by the Board of Trustees and the Management of the school. The Prevent Risk Assessment is set out in the form of a checklist which can be found at the end of this policy. **(Appendix 1)**

All concerns, issues and action taken are recorded in the Serious Incident Book by the Designated Safeguard Leader (**DSL**).

### DEFINITIONS AND INDICATORS

In the operating of this policy, we use the following accepted Government definition of extremism:

**“Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs and or calls for the death of our armed forces, whether in this country or overseas.”**

Radicalisation is defined as the act or process of making a person more radical or sympathetic towards extreme or fundamental changes in political, economic or social conditions, institutions or habits of the mind. These views will not be tolerated at Stella Maris School.

All staff are aware of potential behaviours which may indicate a child or family is at a risk of being radicalised or open to extremist views.

These include:

- Graffiti symbols, written or in art work that promotes extremist messages or images;
- A sudden or marked change in style of dress or appearance which may associate a child or family with known extremist groups;
- Behaviours reflecting becoming extremist views;
- Loss of interest in friendships and normal activities;
- Evidence of accessing extremist materials outside of school;
- Using insulting or derogatory names for another groups of people;
- Use of anti-Western or anti-British values views; and
- Intolerance towards others in relation to religion, culture, race or sex.

### PROCEDURES FOR REFERRALS

To date we have not experienced any incidents or indicators of radicalisation or extremism at Stella Maris School. However, it is important for all members of the school community to be constantly vigilant and remain fully informed about the issues which affect the local area and society in which

we teach. Staff are reminded to be 'professionally inquisitive' where concerns arise, referring any concerns immediately to the DSL.

The DSL's at Stella Maris School are **Norah Johnson and Gillian Maiden**.

The **Single Point of Contact (SPOC)** is **Norah Johnson**.

For advice on any incidents relating to radicalisation or extremism concerns can be referred to **Stockport Children's Safeguarding Board** who can be contacted on **0161 474 5657**.

### **THE ROLE OF THE CURRICULUM AND TEACHING STRATEGIES**

Stella Maris School promotes respect, tolerance and diversity and this forms an integral part of every area of the Curriculum. Children are encouraged to share their views and they understand from a very early age that they are entitled to have their own different beliefs. We respect all religious denominations in school and the children understand that everyone has a right to worship in the way which suits them. Our Curriculum is balanced and varied.

PSHCE and Citizenship is embedded across the curriculum and is an integrated part of all subjects. It directly underpins the ethos of the school and is the foundation for our assemblies and religious celebrations. Children are regularly taught about how to stay safe when using the internet and they are encouraged to recognise the dangers of the internet and people who may use it for the wrong reasons.

On a daily basis we ensure that all of our teaching approaches from the EYFS to Yr. 6 help pupils to be resilient to extremism and have the confidence to speak out if something is not right or if they feel uncomfortable.

Stella Maris will actively challenge and intervene if necessary to ensure that we have strong safeguarding practises based on the most up-to-date guidance and best practise.

If situations occur the DSL will decide on the most appropriate course of action to be taken. This will depend on the circumstances and the situation and action will be taken on a case-by-case basis. They will decide when a referral to external agencies is needed.

### **STAFF TRAINING**

Whole school in service training on Safeguarding and Child Protection is organised for Staff and Trustees on a regular basis. In addition to this we are an open door for parents who may wish to come and seek advice on Safeguarding issues.

Through INSET opportunities in school and regular Safeguarding updates at our staff meetings we will ensure that our staff are fully aware of the vulnerabilities and risks which are associated with radicalisation. Staff are aware of the need for early identification of any indicators of radicalisation and the school can provide support where necessary.

The DSL's are trained in the PREVENT DUTY and keep up to date with legislation and changes which may be made. This information is then passed on to staff at our regular Staff Meetings.

### **VISITORS AND THE USE OF SCHOOL PREMISES**

All visitors and volunteers are subject to the appropriate Safeguarding Checks. Children are NEVER left unsupervised with external visitors, regardless of safeguarding check outcomes. We thus ensure that all messages communicated by visitors and volunteers are:

- Consistent with the ethos of the school;
- Consistent with British values;
- Do not promote extremism or radicalisation; and
- Matched to the needs of pupils.

### Referrals to Channel

In the event of pupils showing extremist/radicalisation behaviour the following system will be followed;

All incidents of prejudicial behaviour will be reported directly to the **SPOC**.

All incidents will be fully investigated and recorded and records will be kept in line with procedures for any other safeguarding incident.

Parents/carers will be contacted and the incident discussed in detail, aiming to identify motivating factors, any changes in circumstances at home, parental views of the incident and to assess whether the incident is serious enough to warrant a further referral. A note of this meeting is kept alongside the initial referral in the Safeguarding folder.

The school reserves the right to contact the relevant outside agencies.

**As with all Safeguarding issues all areas of concern should be directed to the Head Teacher (DSL) or Deputy Head Teacher (Deputy DSL)**

**POLICY REVIEW** School Tackling Extremism and Radicalisation Policy will be reviewed annually as part of the overall Child Protection and Safeguarding policy review.
